1. The Home Page (The Hook & Routing)

Hero Section Headline: Build a certified care career. Start today, entirely on your schedule. **Sub-headline:** You don't need a medical background to build a secure, meaningful future in healthcare. Oakvale Learning trains you to become a verified, confident care professional. With our self-paced platform, you gain the exact skills needed to work in premium local clinics, expertly care for loved ones and employer families, or launch your own care service. **Primary Action:** [Choose Your Pathway]

Section 2: The Reality Check Headline: Training built around your actual life.

You're busy. We know. At Oakvale, we believe your education should fit into your schedule, not the other way around.

We teach you everything you need to know, but we let you choose when to learn it. Through our mobile app, you watch practical masterclasses and complete your modules whenever you have the time.

You set the pace. Oakvale gives you the roadmap, the mentorship, and the certification.

Section 3: The Pathway Routing Headline: Pick your discipline. We offer two specialised tracks. Pick the one that fits your goals, select the entry stage that fits your budget, and start immediately.

Card 1: Adult & Elderly Care Turn empathy into a recognised profession. Learn how to deliver safe, dignified, and clinical care for aging adults and recovering patients. **CTA:** [Explore Adult Care →]

Card 2: Childcare & Early Years From birth to five years. Master the developmental milestones and safety standards required to secure premium nursery roles, work for families, care for your own kids, or build your own childcare service. **CTA:** [Explore Childcare →]

2. Adult & Elderly Care (The Programme Page)

Hero Section Headline: Become a Certified Adult Care Professional. On your terms. **Sub-headline:** Get the practical skills, the clinical knowledge, and the professional certification you need to step into the healthcare sector with confidence. Oakvale trains you entirely at your own pace, so you can start learning the moment you are ready. **CTA:** [View Your Options]

Section 2: The Experience Headline: How you will actually learn.

You enrol and download the Oakvale app. You watch highly practical, pre-recorded masterclasses taught by healthcare experts. You take your assessments when you are ready. When you finish, you walk away with the competence to handle real-world caregiving, backed by a UK CPD Certificate and direct access to our Jobs Board.

Oakvale does the teaching. The app just makes it fit your life.

Section 3: The Curriculum Ladder Headline: From absolute beginner to job-ready. We don't just throw information at you. We build your competence in stages.

- **Phase 1: The Foundation** We start with the absolute basics. You will learn the core principles of duty of care, ethical communication, and how to protect a patient's dignity. This is where you build your confidence and learn what it actually means to be a professional caregiver.
- **Phase 2: Professional Mastery** Once you have the basics, we move to clinical realities. You will master infection prevention, complex daily routines, safe lifting, and the exact standards required by premium clinics, private clients, and top-tier care agencies. Finally, we train you on how to turn these skills into a profitable career.

Section 4: The Community (You Are Not Alone) Headline: Self-paced does not mean learning alone. **Body:** We know learning by yourself can feel isolating. That is why every Oakvale learner gets exclusive access to our **Oakvale Student WhatsApp Community**. Connect with other participants taking the same course, share your progress, ask questions directly to our coordinators, and build a network of driven professionals just like you.

Section 5: Choose Your Entry Point Every journey is different. Pick the entry point that matches your current budget and career goals. You can always upgrade as your skills grow.

[BLOCK 1: FOUNDATION]

₦35,000 The entry point: Step confidently into the care sector. Master the essential skills to expertly care for loved ones or secure your first professional role.

What you will learn:

- **Fundamental Principles & Standards:** Explore the professional and ethical principles that define excellent care. Master empathy-driven communication, recordkeeping, data protection, and the critical importance of privacy and dignity.
- **Best Practices in Care Delivery:** Learn how to properly protect vulnerable adults, master infection control, and provide vital mental support for the elderly.

Roles you can secure: Basic, entry-level caregiving roles requiring minimal technical intervention.

What you get (The Deliverables):

- Self-paced access to comprehensive foundation modules.
- Exclusive masterclasses led by healthcare professionals.
- Oakvale Learning Certificate of Completion (Foundation level).
- An employer-facing letter of recommendation validating your core training hours.
- Direct onboarding to the Oakvale Jobs Board for entry-level roles.
- Access to the Oakvale Student WhatsApp Community.

What's not included (The Boundaries):

- This tier is limited to basic care and does not qualify you for highly technical clinical care.
- It restricts access to higher-paying senior roles.
- It provides no business setup training.
- The UK CPD Certificate is reserved for the full pathway. **CTA:** [Start Foundation]

[BLOCK 2: PROFESSIONAL]

₦70,000 *(Prerequisite: Foundation Stage)* **The mastery step:** You have the basics. Now elevate your expertise. Master advanced practical skills, increase your earning potential, and step into senior roles or entrepreneurship.

What you will learn:

- **Core Skills & Competencies:** Master the practical, daily routines of adult caregiving. Fully prepare for the physical and clinical demands of the job, including safe lifting and mobility support.
- **Employability & Micro-Entrepreneurship in Care:** Turn your training into a recognised, highly profitable career, complete with interview preparation and business structuring.

Roles you can secure: Advanced, highly technical caregiving roles, senior placements, and the framework to launch an independent care business.

What you get (The Deliverables):

- Self-paced access to advanced professional modules and real-world assessments.
- Premium onboarding to the Oakvale Jobs Board to unlock higher-paying roles.
- Career accelerator training (expert CV optimization and interview coaching).
- The Business Toolkit: Step-by-step training on how to launch your own caregiving agency.
- UK CPD Certificate (awarded upon successful completion of this final stage).
- Access to the Oakvale Student WhatsApp Community.

What's not included (The Boundaries):

- You must complete the Foundation tier before starting this phase. **CTA:** [Start Professional]

[BLOCK 3: FULL PROGRAMME]

~~₦100,000~~ *(Save ~~₦5,000~~)* **The ultimate pathway:** No interruptions. No upgrade friction. Get instant access to the entire pathway from absolute beginner to a fully equipped care professional.

What you will learn: The complete syllabus. Combines all foundational ethics with advanced clinical competencies and business structuring.

Roles you can secure: Immediate, unrestricted pathway to premium technical roles, global standard compliance, and micro-entrepreneurship.

Everything you get:

- Instant access to all Foundation and Professional modules combined.
- Seamless, uninterrupted progression through all learning stages and assessments.
- The complete suite of practical training, career prep, and agency setup resources.
- Oakvale Learning Certificate of Completion.
- **UK CPD Certificate** (awarded upon successful completion).
- Access to the Oakvale Student WhatsApp Community. **CTA:** [Enrol in Full Programme]

3. Childcare & Early Years (The Programme Page)

Hero Section Headline: Become a Certified Early Years Professional. On your terms. **Sub-headline:** Get the practical skills, the developmental knowledge, and the professional certification you need to care for children safely and confidently. Oakvale trains you entirely at your own pace, so you can start learning the moment you are ready. **CTA:** [View Your Options]

Section 2: The Experience Headline: How you will actually learn.

You enrol and download the Oakvale app. You watch highly practical, pre-recorded masterclasses taught by childcare experts. You take your assessments when you are ready. When you finish, you walk away with the competence to handle real-world childcare, backed by a UK CPD Certificate and direct access to our Jobs Board.

Oakvale does the teaching. The app just makes it fit your life.

Section 3: The Curriculum Ladder Headline: From absolute beginner to job-ready. We don't just throw information at you. We build your competence in stages.

- **Phase 1: Infant & Toddler Foundation (0–2 Years)** Become the kind of childcare professional families trust. We start with role boundaries and global frameworks, then move deeply into the brain growth, developmental milestones, and daily routines for infants and toddlers.
- **Phase 2: Preschool Mastery (3–5 Years)** Once you have the basics, we build confidence in supporting preschoolers. You will master school readiness, spotting developmental red flags, fire and food safety, strict safeguarding protocols, and how to structure your own childcare business.

Section 4: The Community (You Are Not Alone) Headline: Self-paced does not mean learning alone. **Body:** We know learning by yourself can feel isolating. That is why every Oakvale learner gets exclusive access to our **Oakvale Student WhatsApp Community**. Connect with other participants taking the same course, share your progress, ask questions directly to our coordinators, and build a network of driven professionals just like you.

Section 5: Choose Your Entry Point Every journey is different. Pick the entry point that matches your current budget and career goals. You can always upgrade as your skills grow.

[BLOCK 1: FOUNDATION]

₦30,000 The entry point: Build a rock-solid foundation in infant and toddler care. Perfect for starting your career journey or mastering the basics for your own family.

What you will learn:

- **Professional Identity, Values & Responsibilities:** Be clear on your role, your boundaries, your duty of care, and the global frameworks that protect children and your career.
- **Foundations of Early Childhood Development (0 to 2 Years):** Learn how babies and toddlers grow so your care becomes intentional. Master brain growth, infant/toddler developmental milestones, and daily care routines for the first 24 months.

Roles you can secure: Basic childcare roles and early-growth nanny positions specifically limited to infants and toddlers (0–2 years).

What you get (The Deliverables):

- Self-paced access to comprehensive early years foundation modules.
- Exclusive masterclasses led by childcare professionals.
- Oakvale Learning Certificate of Completion (Foundation level).
- An employer-facing letter of recommendation validating your core training hours.
- Direct onboarding to the Oakvale Jobs Board for entry-level childcare roles.
- Access to the Oakvale Student WhatsApp Community.

What's not included (The Boundaries):

- This tier does not cover preschool development (3–5 years).
- It does not qualify you for advanced nursery roles or school readiness programs.
- It provides no independent business setup training.
- The UK CPD Certificate is reserved for the full pathway. **CTA:** [Start Foundation]

[BLOCK 4: PROFESSIONAL]

₦55,000 *(Prerequisite: Foundation Stage)* **The mastery step:** You have the basics. Now unlock advanced opportunities. Master the complete birth-to-five spectrum and position yourself for premium childcare roles.

What you will learn:

- **Development, Safety & Child Protection (3 to 5 Years):** Build confidence supporting preschoolers. Master school readiness, spotting developmental

delays early, fire safety, food hygiene, and strict safeguarding against harm and neglect.
- **Career Pathways & Professional Growth:** Finish with a clear plan for interviews, an extended capstone project, and pathways for employment or launching your own home-based micro childcare service.

Roles you can secure: Advanced nursery roles, premium placements across the full 0–5 spectrum, and the framework to launch an independent home-based childcare service.

What you get (The Deliverables):

- Self-paced access to advanced professional modules and the final childcare capstone.
- Premium onboarding to the Oakvale Jobs Board to unlock higher-paying professional childcare roles.
- Career accelerator training (expert CV optimization and interview coaching).
- The Business Toolkit: Step-by-step training on how to launch your own home-based micro childcare service.
- UK CPD Certificate (awarded upon successful completion of this final stage).
- Access to the Oakvale Student WhatsApp Community.

What's not included (The Boundaries):

- You must complete the Foundation tier before starting this phase. **CTA:** [Start Professional]

[BLOCK 5: FULL PROGRAMME]

~~₦80,000~~ *(Save ₦5,000)* **The ultimate pathway:** The complete birth-to-five mastery pathway. Go from beginner to a fully equipped, confident early years professional without any upgrade friction.

What you will learn: The complete birth-to-five mastery syllabus, merging infant care basics with preschool safeguarding, capstone projects, and business planning.

Roles you can secure: The complete suite of opportunities across all early years age groups and micro-entrepreneurship.

Everything you get:

- Instant access to all Foundation and Professional modules combined.
- Seamless, uninterrupted progression through all learning stages and assessments.

- The complete suite of practical training, capstone projects, career prep, and agency setup resources.
- Oakvale Learning Certificate of Completion.
- **UK CPD Certificate** (awarded upon successful completion).
- Access to the Oakvale Student WhatsApp Community. **CTA:** [Enrol in Full Programme]
